Introducing **ELK Gloves**, Australia's first premium leather glove range designed by gardeners, for gardeners. Available exclusively at Bunnings Warehouse stores nationwide, **ELK** addresses a long-standing gap in the market for purpose-built gardening gloves.

While premium deerskin gloves have previously been available only through niche channels, **ELK's** partnership with Bunnings ensures nationwide accessibility, from city gardens to country properties.

Developed with insights from real gardeners, the range meets the growing needs of a \$2.8 billion gardening sector that now includes over 6.5 million Australian households.

*For too long, gardeners have had to choose between comfort and protection. **ELK Gloves** are engineered specifically for the gardening tasks Aussies face every day - offering flexibility, strength, and a premium feel.*

Supporting Australian Gardeners

ELK was created to meet the real demands of gardening in Australia's unique conditions. Whether you're nurturing a backyard veggie patch, rose pruning or maintaining landscaped grounds, **ELK** offers protection and precision you can trust.

Two Tailored Styles to Meet Specific Needs

- ♥ **Comfort Gardener (\$29):** Everyday garden glove made from soft deerskin leather, combining comfort, dexterity, and durability. Ideal for potting, planting, and light tasks.

Available in S, M, L in-store.

- ♥ **Comfort Pruner (\$49):** Heavy-duty design with reinforced lining and extended cuff to protect from thorns during rose and shrub pruning.

Available in M in-store; S and L via Bunnings Online.
